## PROCESS

It's as easy as counting to five.

1. Pick a high resolution photo that you own, or use one that we have taken at an event or book us for a photoshoot. We charge by the hour for Sports Shoots and Studio Shots. (Check out our specs to see what high resolution)
2. Pick an effect type  
Types include, Fire, Water, Wartorn, Shatter, Shapes, Smoke, Sandstorm, we have over 30 to chose from to customize the process. However we stick to popular and major effects.
3. Make the payment on the design
4. We email you the final product or post it for you on our flickr site for download.
5. If you ordered a upgraded product (Printed Poster, Canvas, Framed) we print the product for you and or ship it to you upon final payment(Taxes and Shipping Prices not included)

It's that easy! Each poster is hand made and is custom. No two posters will ever be alike as each one is created separately and customized for the client, sport, or event.
